**SUBJECT: Tooele Army Depot Participates in Two Security Inspections**

The Office of Security, Force Protection and Law Enforcement, Antiterrorism Operational Assessment Team, and the Office of Security, Force Protection and Law Enforcement Vulnerability Assessment Team, both from the Headquarters, Army Materiel Command (AMC), Fort Belvoir, Virginia, were conducting a security exercise and inspection of Tooele Army Depot, July 12-15, 2004. Also participating in this exercise was: Vance Federal Security Services, Utah Highway Patrol, Tooele County Sheriff's Department, and the Tooele City Police.

Purpose of the exercise and inspection was to validate the Operating Procedures and Policies set by the Army.

The local community participated in this exercise to activate the mutual aid agreement with the Army during an emergency or terrorist attack.

The assessment and exercise were an outstanding success which validated the depot's and community's capability to identify threats and to make appropriate responses.
